HACIENDA HISTORY

Hacienda was founded in 1968 by my Mexican-born father, Norberto "Bob" Rodriguez. Through his hard work, creativity and unwavering commitment to his guests, his restaurant was a quick success. His mission was not just to bring Mexican cuisine to St. Louis but to invite every guest to experience their meal as part of the family. In 1977 to satisfy growing demand he opened a our current location in one of the area's most historic buildings.

Built in 1861, it was originally the home of two steamboat skippers. It was first converted into a restaurant in 1951, a few other restaurants quickly replaced each other until it finally became Hacienda. Over the years there have been several renovations and additions, most recently the expansion of the outdoor Cabana bar and award winning patio. Hacienda has always been family owned and operated and I am honored to carry on my father's tradition giving our guests a place to enjoy the flavors of his home and create memories with friends and family. Thank you for sharing your experiences with us. Buen Provecho!
